Nautilus XL

Affordable comfort, easy to clean, strong and hard wearing and now available in a true XL size.

Nautilus XL chairs are a one piece injection moulded, polypropylene stacking chair ergonomically designed to meet global education furniture standards.

New European standards focus on ergonomics. The result, Nautilus XL chair's have been designed to provide superior lumbar support for long term sitting comfort, and ultimately healthier backs.

Colour is all the way through the chair so no chance of scratching the paint off. And because its made of Polypropylene there will be minimal damage to and from desks or tables.

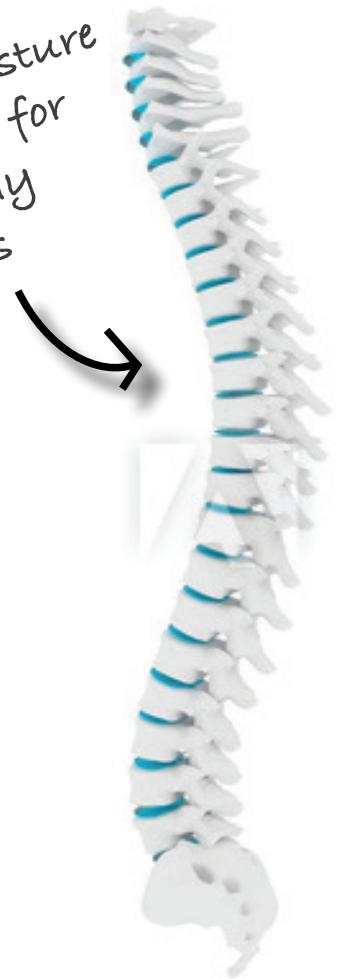

European designed and manufactured from the highest grade materials, Nautilus chairs have been tested and conform to international standards for size, strength and stability.

Chairs are supplied standard with an in mould linking device that is simple and easy to use. Chairs can be set up in rows quickly, No sticking hard to use linking devices. The XL's linking device is smooth and unobtrusive.

Chairs stack for ease of transport and storage. Linc recommends chairs be stacked up to eight chairs high. Easy to use trolleys are available.

Nautilus XL chairs meet the need of adult users with wider seats, and higher backrests.
